Here's the list of projects with generic names. Please exclude the following projects and their variants.

Health and Wellness:

- Health monitoring systems
- Smart stethoscopes
- Smart blind sticks
- Voice-controlled wheelchairs
- Speaking system for dumb (using hand gestures)
- Supporting systems for differently abled

Home and Security:

- Smart home automation
- Home security systems
- Face/Number plate/Object recognition systems
- Smart door lock systems
- Smart irrigation systems
- Fire alert systems

Environment and Sustainability:

- Air pollution detection/monitoring systems
- Water quality monitoring systems
- Solar panel based projects
- Automatic plant watering/gardening system
- Soil pollution monitoring system

Transportation and Logistics:

- Smart parking system
- Voice-controlled car
- Smart shopping trolleys/ Smart carts

Education and Assistance:

- Smart attendance system
- Braille printer (All kinds of printers)
- Library management robotic system

Other:

- All purpose Robots
- Military Rovers
- All purpose monitoring systems
- Obstacle-avoiding cars
- Disease detection
- IOT-based monitoring systems
- Rovers, Drones
